SASO INSPECTION PROGRAMME

EXPORTER AND IMPORTER GUIDELINES USED MOTOR VEHICLES

OVERVIEW

Intertek has been appointed as an Inspection Body authorised to issue Certificates of Inspection (Cols) for Used Motor Vehicles to the Kingdom of Saudi Arabia (KSA). This service offered by Intertek verifies the conformity of all 'Used Motor Vehicles' from the respective exporting countries and ensures that they comply with applicable SASO Technical Regulation (SASO TR).

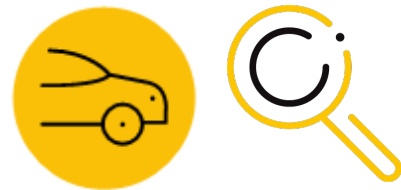

The implementation of this programme would require all Used Motor Vehicles imported to Saudi Arabia to have Cols issued from the SABER platform for KSA Customs clearance. Exporters are requested to contact local Intertek Offices to understand and comply with the requirements of SASO to ensure uninterrupted export of their consignments of Used Motor Vehicles to KSA.

Products requiring a Conformity Document

Obtaining SABER Certificates of Inspection (Cols) is mandatory for Used Motor Vehicles imported into KSA from anywhere in the world

Exporters/Importers trading Used Motor Vehicles to the KSA need to demonstrate compliance with the requirements of the SASO TR MA 179-21-09-02 for Used Imported Vehicles.

The SASO technical regulation for Used Motor Vehicles can be accessed using the below link:

https://www.saso.gov.sa/ar/Laws-And-Regulations/Technical_regulations/Documents/TR-Used-Imported-Vehicles.pdf

SASO has advised that the requirements to obtain a SABER Col will be launched in two phases as below:

- Phase 1 - For Private Individuals
- Phase 2- For Commercial Entities

The enforcement dates for these phases will be announced by SASO shortly.

The compliance verification procedure will involve inspection of the Used Motor Vehicle by an approved Inspection Body such as Intertek to evaluate its condition and check conformity with the SASO TR requirements. A Col will be issued by Intertek in SABER based on a successful inspection stating that the Used Motor Vehicle under certification is in conformity with the requirements of the SASO TR and inspection procedures prior to importing it into the KSA.
